Vol. 66. INDEX

Fasc. 1—2. (January—February 1966.)

A Method for Determination of Low Carbon Monoxide Concentration in Blood. By H. Linderholm, T. Sjöstrand and B. Söderström 1

The Effect of Glucose Availability and Utilization on Chylomicron Metabolism in the Rat. By D. F. Brown and T. Olivecrona 9

An Evoked Potential Study of Different Pathways from the Hindlimb to the Somatosensory Areas in the Cat. By U. Norrsell and E. R. Wolpow 19

The Effect of Metabolic and Ion Transport Inhibitors on the Impulse Activity and Oxygen Uptake of an Isolated Crustacean Neurone. By E. Giacobini 34

Variations of Glycolytic Intermediates, Phosphate Compounds and Pyridine Nucleotides after Prolonged Stimulation of an Isolated Crustacean Neurone. By E. Giacobini and A. Grasso 49

The Action of Tricarboxylic Acid Cycle Intermediates and Glutamate on the Impulse Activity and Respiration of the Crayfish Stretch Receptor Neurone. By E. Giacobini and P. C. Marchisio 58

Lactate Elimination and Oxidation in Thyroidectomized, Untreated and Thyroxine-treated Rabbits. By N. Svedmyr 67

Peripheral Autonomic Influence on the Motility of the Urinary Bladder in the Cat. II. 'Tone'. By R. Gjone 72

Peripheral Autonomic Influence on the Motility of the Urinary Bladder in the Cat. III. Micturition. By R. Gjone 81

Excitatory and Inhibitory Bladder Responses to Stimulation of 'Limbic', Diencephalic and Mesencephalic Structures in the Cat. By R. Gjone 91

The Effect of Triiodothyronine Treatment on the Catecholamine Content of the Blood during Infusion of Adrenaline in Man. By J. Häggendal and N. Svedmyr 103

Radiostrontium, Radiophosphorus, Stable Strontium, Stable Calcium, DNA and DNA-P in Ram Spermatozoa. By B. Åberg and M. Gillner 106

Sulphate Conjugation during Development, in Human, Rat and Guinea Pig. By M. O. Pulkkinen 115

Sulphate Conjugation during Pregnancy and under the Influence of Cortisone. By M. O. Pulkkinen 120

Distribution of Adrenergic Nerves in the Eye and Some Related Structures in the Cat. By B. Ehinger 123

Cardiac Output in the Supine and Sitting Position Determined by a CO_2 Method. By G. Lundin and D. Thomson 129

Two Types of Stretch-Activated Post-Synaptic Inhibitions in Spinal Motoneurones as Differentiated by Strychnine. By J.-O. Kellerth and A. J. Szumski 133

Effects of Picrotoxin on Stretch-Activated Post-Synaptic Inhibitions in Spinal Motoneurones. By J.-O. Kellerth and A. J. Szumski 146

A Comparison of the Biological Value of Various Types of Swedish Bread and the Effect of Added Lysine. By S. Larsson 157

Respiratory and Circulatory Effects of CO_2 Administered Gastroenterally. By A.-M. Landin, O. Malmborg, O. Nisell and S. Zetterquist 164

The Organ and the Subcellular Distribution of Palmityl-CoA:Carnitine Palmityltransferase in Man. By K. R. Norum 172

The Functional Role of Some Autonomic and Behavioral Patterns Evoked from the Lateral Hypothalamus of the Cat. By B. Folkow and E. H. Rubinstein 182

Thymic and Thoracic Duct Contributions to Blood Lymphocytes in Normal and Thyroxin-Treated Guinea-Pigs. By U. Ernström and B. Larsson 189

Vol. 66. INDEX

Fasc. 1—2. (January—February 1966.)

A Method for Determination of Low Carbon Monoxide Concentration in Blood. By H. Linderholm, T. Sjöstrand and B. Söderström 1

The Effect of Glucose Availability and Utilization on Chylomicron Metabolism in the Rat. By D. F. Brown and T. Olivecrona 9

An Evoked Potential Study of Different Pathways from the Hindlimb to the Somatosensory Areas in the Cat. By U. Norrsell and E. R. Wolpow 19

The Effect of Metabolic and Ion Transport Inhibitors on the Impulse Activity and Oxygen Uptake of an Isolated Crustacean Neurone. By E. Giacobini 34

Variations of Glycolytic Intermediates, Phosphate Compounds and Pyridine Nucleotides after Prolonged Stimulation of an Isolated Crustacean Neurone. By E. Giacobini and A. Grasso 49

The Action of Tricarboxylic Acid Cycle Intermediates and Glutamate on the Impulse Activity and Respiration of the Crayfish Stretch Receptor Neurone. By E. Giacobini and P. C. Marchisio 58

Lactate Elimination and Oxidation in Thyroidectomized, Untreated and Thyroxine-treated Rabbits. By N. Svedmyr 67

Peripheral Autonomic Influence on the Motility of the Urinary Bladder in the Cat. III. Micturition. By R. Gjone 81

Excitatory and Inhibitory Bladder Responses to Stimulation of 'Limbic', Diencephalic and Mesencephalic Structures in the Cat. By R. Gjone 91

The Effect of Triiodothyronine Treatment on the Catecholamine Content of the Blood during Infusion of Adrenaline in Man. By J. Häggendal and N. Svedmyr 103

Radiostrontium, Radiophosphorus, Stable Strontium, Stable Calcium, DNA and DNA-P in Ram Spermatozoa. By B. Åberg and M. Gillner 106

Sulphate Conjugation during Development, in Human, Rat and Guinea Pig. By M. O. Pulkkinen 115

Sulphate Conjugation during Pregnancy and under the Influence of Cortisone. By M. O. Pulkkinen 120

Distribution of Adrenergic Nerves in the Eye and Some Related Structures in the Cat. By B. Ehinger 123

Cardiac Output in the Supine and Sitting Position Determined by a CO_2 Method. By G. Lundin and D. Thomson 129

Two Types of Stretch-Activated Post-Synaptic Inhibitions in Spinal Motoneurones as Differentiated by Strychnine. By J.-O. Kellerth and A. J. Szumski 133

Effects of Picrotoxin on Stretch-Activated Post-Synaptic Inhibitions in Spinal Motoneurones. By J.-O. Kellerth and A. J. Szumski 146

A Comparison of the Biological Value of Various Types of Swedish Bread and the Effect of Added Lysine. By S. Larsson 157

Respiratory and Circulatory Effects of CO_2 Administered Gastroenterally. By A.-M. Landin, O. Malmborg, O. Nisell and S. Zetterquist 164

The Organ and the Subcellular Distribution of Palmityl-CoA:Carnitine Palmityltransferase in Man. By K. R. Norum 172

The Functional Role of Some Autonomic and Behavioral Patterns Evoked from the Lateral Hypothalamus of the Cat. By B. Folkow and E. H. Rubinstein 182

Thymic and Thoracic Duct Contributions to Blood Lymphocytes in Normal and Thyroxin-Treated Guinea-Pigs. By U. Ernström and B. Larsson 189

S.T.F. 66 66 409A A 30

Cholecystokinin and Pancreozymin, one single Hormone? By E. Jorpes and V. Mutt .. 196
Effects of Growth Hormone on Erythropoieses in the Intact Rabbit and the Polycythemic Mouse. By S. Halvorsen 203
Effects of Combined Hormone Therapy on Erythropoiesis in the Intact Rabbit. By S. Halvorsen and R. Lindemann 214
Dopamine in Human Urine during Muscular Work. By J. Häggendal and B. Werdinius 223
Vasoconstriction in Isolated Blood-Perfused Rabbit Lungs and its Inhibition by Cresols. By A. Hauge, P. K. M.. Lunde and B. A. Waaler 226
Effect of Exercise on Plasma Potassium in Man. By H. Laurell and B. Pernow 241
Catecholamine Containing Neurons in the Cockroach Brain. By N. Frontali and K.-A. Norberg 243
Further Evidence for the Existence of Tubero-infundibular Dopamine Neurons. By K. Fuxe and T. Hökfelt 245
Pyruvate, Glutamate and Tricarboxylic Acid Intermediates in the Crustacean Stretch Receptor Neurone after Prolonged Impulse Activity. By E. Giacobini and P. C. Marchisio 247
Effect of Posterior Pituitary Hormones on the Myometrial Response to Prostaglandin. By R. Eliasson 249
Effect of Hydrocortisone on Histochemically Demonstrable Catecholamines of the Paraaortic Body of the Rat. By M. Lempinen 251
Adrenaline and Noradrenaline in the Organ of Zuckerkandl and Adrenals of Newborn Rats Treated with Hydrocortisone. By O. Eränkö, M. Lempinen and L. Räisänen .. 253
Postnatal Changes in the Preaortal Paraganglia of Rabbits. By T. Brundin, B. Hamberger and K.-A. Norberg 255

Fasc. 3. (March 1966.)

The Influence of Thyroxine Treatment and Thyroidectomy on the Calorigenic and Some Other Metabolic Effects of Adrenaline and Noradrenaline in Experiments on Fasted Rabbits. By N. Svedmyr 257
The Effect of Bradykinin, Kallidin and Eledoisin upon the Pulmonary Vascular Bed of an Isolated Blood-Perfused Rabbit Lung Preparation. By A. Hauge, P. K. M. Lunde and B. A. Waaler 269
Effects of Acute Heart Failure and Administration of Ouabain on Cardiac Catecholamine Uptake. By A. Oliverio and H-h. Wang 278
Influence of Bovine Albumin and Acids on the Respiration and Adhesiveness of Human Thrombocytes. By P. F. Engel 282
The Influence of Olfactory Stimuli upon the Activity of Secondary Neurones in the Burbot (Lota lota L.). By K. B. Döving 290
Insulin Antagonistic Effect of Human Plasma Albumin on Protein Synthesis in vitro and on Glycogen Synthesis in vivo in the Rat Diaphragm Muscle. By J. Jervell 300
Effect of Puromycin and Puromycin Analogues on Glycogen Synthesis in the Isolated Rat Diaphragm. By O. Søvik 307
On the Biological Assay of Secretin. The Reference Standard. By J. E. Jorpes and V. Mutt 316
The Effect of Cinchophen on the Acid Polysaccharides of the Gastric and Duodenal Wall in Dog. By I. Häkkinen and K. Hartiala 326
The Effect of Restraint on the Content of Acid Polysaccharides of Glandular Gastric Wall in Rat. By I. Häkkinen, K. Hartiala and H. Lang 333
Blood Flow through Human Adipose Tissue Determined with Radioactive Xenon. By O. A. Larsen, N. A. Lassen and F. Quaade 337

Excretion of Methylmalonate and Succinate in the Urine of Rats during Deficiency of Vitamin B_{12} and after Administration of Propionate. By J. ASUNTA, M. KOIVUSALO and M. SUORSA 346
Estimation of the Protein Concentration of the Capillary Filtrate by an Isotope Technique. By L. APPELGREN, S. JACOBSSON and I. KJELLMER 353
Effect of Thyroidectomy on the Postnatal Fate of the Extra-adrenal Chromaffin Tissue of the Rat. By M. LEMPINEN and K. OJALA 362
Theory of the Heated Thermocouple Principle. By G. GRÄNGSJÖ, J. SANDBLOM, H. R. Ulfendahl and M. WOLGAST 366
The Effects of a Gastric Inhibitory Substance on Gastric Secretion in the Pylorus Ligated Rat. By L. S. SEMB 374
Spontaneous Impulse Activity in Immature Rabbit Brain. By R. M. BERGSTRÖM, J. HYVÄRINEN and E. KURENNIEMI 383

Fasc. 4. (April 1966.)

Convection, Diffusion, and Electric Current Through a Membrane. By S. I. RAPOPORT 385
Some Bioelectrical Properties of Amoeba proteus. By J.-O. JOSEFSSON 395
Storage and in vitro Release Rate of Catecholamines from Granules Isolated from Preaortal Paraganglia and Adrenals of Newborn Rabbits. By T. BRUNDIN 406
Intestinal Dipeptidases. III. Characterization and Determination of Dipeptidase Activity in Adult Rat Intestinal Mucosa. By L. JOSEFSSON and T. LINDBERG 410
The Excretion of Urate at Various Plasma Concentrations and During Osmotic Diuresis in the Rabbit. By J. V. MØLLER 419
Effects of Sympathetic Vasoconstrictor Fibres, Noradrenaline and Vasopressin on the Intestinal Vascular Resistance during Constant Blood Flow or Blood Pressure. By P. DRESEL and I. WALLENTIN 427
Intestinal Dipeptidases. Dipeptidase Activity in the Mucosa of the Gastrointestinal Tract of the Adult Human. By T. LINDBERG 437
Effect of Respiratory Acidosis on Vasoconstrictor Effects of Directly and Indirectly Acting Sympathomimetic Amines in Cats. By S. BYGDEMAN 444
Entorhinal Activation of Dentate Granule Cells. By P. ANDERSEN, B. HOLMQVIST and P. E. VOORHOEVE 448
Excitatory Synapses on Hippocampal Apical Dendrites Activated by Entorhinal Stimulation. By P. ANDERSEN, B. HOLMQVIST and P. E. VOORHOEVE 461
Potentiation of Acid Sham Feeding Response in Pavlov Pouch Dogs by Histamine and by Mesenteric-Caval Vein Anastomosis. By L. OLBE 473
Histidine Induced Secretion in the Pyloric Ligated Rat Stomach. By T. RÄSÄNEN 481
Firing with Multiple-Spike Discharges in the Slowly Adapting Stretch Receptor Neuron of the Lobster. By W. GRAMPP 484
The Effect of Vagal Stimulation on the Bronchial Tree in the Cat. By C. H. SCHWIELER 495
The Adrenergic Nerves of Rat Salivary Glands after Excretory Duct Ligation. By N.-E. ANDÉN, K.-A. NORBERG and L. OLSON 501
Adrenergic Innervation of the Bronchial Muscle of the Cat. By A. DAHLSTRÖM, K. FUXE, T. HÖKFELT and K.-A. NORBERG 507
The Biological Activities of Three Metabolites of Prostaglandin E_1[1]. By E. ÄNGGÅRD .. 509
Ultrastructural Ontogenesis of Cornea and Corneal Nipples in the Compound Eye of Insects. By G. GEMNE 511

Supplementum 258. On the Components of Kr^{85} Clearance Curves from the Brain of the Dog. By E. HÄGGENDAL, N. J. NILSSON and B. NORBÄCK

— Effects of Arterial Carbon Dioxide Tension and Oxygen Saturation on Cerebral Blood Flow Autoregulation in Dogs. By E. HÄGGENDAL, and B. JOHANSSON.

— Effects of Some Vasoactive Drugs on the Vessels of Cerebral Grey Matter in the Dog. By E. HÄGGENDAL.

Supplementum 259. Distribution and Function of Adrenergic Nerves in the Rabbit Fallopian Tube. By J. BRUNDIN

Supplementum 260. Postnatal Growth of Spinal Nerves and Roots. By S. SKOGLUND and C. Romero

Supplementum 261. Histochemical and Cytophotometric Observations on Esterases in the Spinal Ganglion of the Rat. By A. KOKKO

Supplementum 262. The Impulse Activity in Different Parts of the Slowly Adapting Stretch Receptor Neuron of the Lobster. By W. GRAMPP.

Supplementum 263. Covalent Cross-Links in a Structural Protein, Resilin. By S. O. ANDERSEN.

Supplementum 264. Electrical Properties and Fine Structure of the Ampullary Canals of Lorenzini. By B. WALTMAN.

INDEX AUCTORUM

Åberg, B. and M. Gillner, Radiostrontium in Spermatozoa 106
Andén, N.-E., K.-A. Norberg and L. Olson, Noradrenaline in Atrophied Salivary Glands 501
